SUBJECT: Request for a Determination of Energy Compliance under 24 V.S.A. §4352

Dear Tom:

Attached for your review is the Municipal Plan and Enhanced Energy Plan for the Town and Village of Ludlow, energy planning standards checklist, and minutes from the Select Board and Village Trustee meetings when the plan was adopted. The Town and Village of Ludlow respectfully requests your consideration of this plan for a determination of energy compliance pursuant to Act 174 and 24 V.S.A. §4352.

While developing this plan, Ludlow followed the state's *Guidance for Municipal Enhanced Energy Planning Standards* and coordinated with SWCRPC staff. The Enhanced Energy Plan was adopted on December 4, 2017 by the Select Board and on January 2, 2018 by the Village Trustees as an amendment to the Municipal Plan, replacing the previous energy chapter. The Municipal Plan has been approved by the SWCRPC and the local planning process has been confirmed by the SWCRPC on May 21, 2018.

We believe that this Municipal Plan addresses the same components as described in 24 V.S.A. §4348a (a)(3), is consistent with state energy policy, and meets the standards for issuing a determination of energy compliance as outlined in the checklist. We also believe that the energy element is consistent with the other sections of the Municipal Plan.

Thank you for your time and attention to this request for a determination of energy compliance. We are available to answer questions or provide any information to assist in your review process. Please contact Rose Goings with any specific questions that you may have about this plan.

Sincerely,

Scott Murphy  
Ludlow Municipal Manager
