Public Notice

Town of Windsor Selectboard Meeting
Tuesday, June 11, 2019
7:00 PM
Windsor Town Hall
29 Union St., Windsor, VT 05089

The Southern Windsor County Regional Planning Commission (SWCRPC) will be providing funding through its Brownfield Reuse Program to the Windsor Improvement Corporation (WIC) upon its acquisition of the Goodyear Industrial Campus site. WIC is proposing to use this funding for the removal and disposal of asbestos containing materials from the concrete slab prior to the installation of a solar array. The funding for this cleanup project was made available to the SWCRPC through a grant from the U.S. Environmental Protection Agency's Brownfield's Cleanup Grant Program. Abatement work is expected to begin in July, 2019.

All interested parties can view the Community Relations Plan, the Draft Analysis of Brownfields Clean-Up Alternatives, and the draft Asbestos Abatement Design Plan for this project. These documents, which describe the former and proposed future uses of the site, the clean-up alternatives evaluated and the proposed plan for clean-up of the identified asbestos contaminated materials, can be viewed at the Town Manager's Office at Windsor Town Hall located at 29 Union Street in Windsor, between the hours of 10:00 AM and 3:00 PM. Documents can also be found on the Town website at <http://www.windsorvt.org/> or on the Southern Windsor County Regional Planning Commission website at <https://swcrpc.org/>. Members of the community are cordially invited to attend the public hearing to provide comment or can submit their comments in writing to Cindy Ingersoll at cingersoll@swcrpc.org or by mail to SWCRPC, P.O. Box 320, Ascutney, VT 05030 by July 2nd, 2019.

END NOTICE
