Re: Springfield IM 091-1(83) Interstate-91, Bridges 28 N&S over US Route 5

Dear Walter Martone,

The Structures Section will be holding a Public Informational Meeting for the above-referenced project. The meeting will be held on Monday, November 9, 2020 beginning at 7:00 PM during the regularly scheduled selectboard meeting via zoom. Directions with a link to the online zoom meeting can be found on the Town's website prior to the meeting.

The Scoping Report can be viewed at the following web site:

<https://outside.vermont.gov/agency/vtrans/external/Projects/Structures/12A574>

This bridge is part of the Interstate Bridge Program and therefore will not require Town funding. If a representative from the Town would like to attend this meeting, we welcome your comments.

Please note that our recommendation for this project will be to maintain traffic on a temporary bridge while the bridge is replaced. A short duration full closure or lane closures on US Route 5 may be necessary during overhead activities.

If you have any questions, comments or concerns please feel free to contact me at the above address or by email at Laura.Stone@vermont.gov or by phone at (802) 917-4996.

Sincerely,

Laura J. Stone, P.E.
Structures Scoping Engineer
